Ethics & Self Care

We've all taken **risks**, and been at risk, at different times in our life.
What **we** perceive as a risk, others might not, and vice versa.
Try to own any **judgements** and assumptions that come up, rather than ignore them - if you know what they are, you can work with them.

Outline

Defining Risk Taking

Understanding Risk Taking

Clinical Experiences

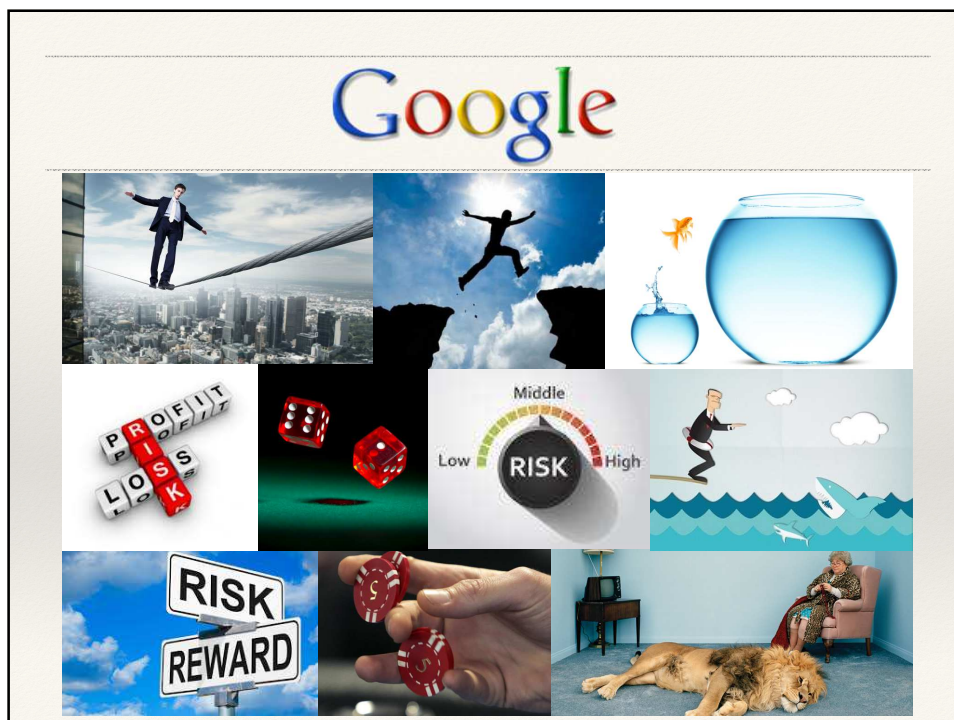

risk-taking (riskteɪkɪŋ)

noun

1. *the practice of taking action which might have undesirable consequences*

Definitions

Personal Definitions

When was the last time you took a '**risk**'?

What was at stake?

What did you hope to gain?

Did it pay off?

Would you do it again?

Social Definitions

What different messages does **society** have about risk taking?

Who decides what a 'risk' is?

How is this shaped by...

Gender, Geography

Race, Religion

Age, Ability, Appearance

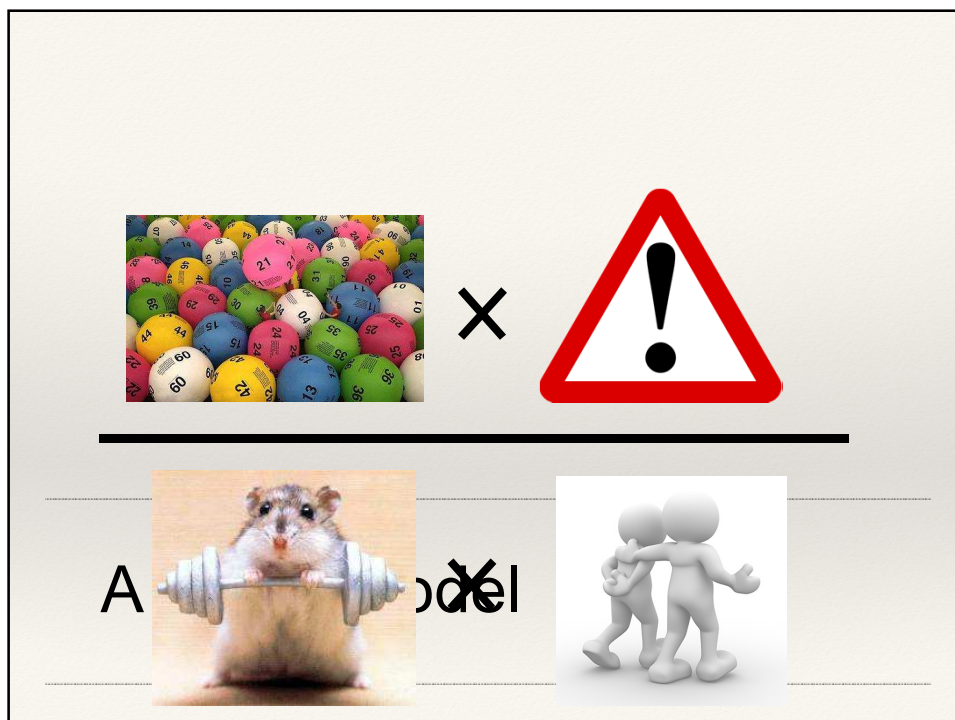

Culture, Class

Ethnicity, Education

Sexuality, Spirituality

Probability \times Threat

Strength \times Support
A Quick Model
